Justified copy looks very much like the printed material you see everyday in the newspaper or magazines that you read.

The typing is fast and easy

- Advanced keyboard with sculptured keys provides a more natural typing position . . . promotes keyboard security.
- Controls are grouped conveniently to minimize hand movements at keyboard level.
- Page-end Indicator assures uniform page-end margins.
- Personalized Touch Control allows typist to select most comfortable setting.
- Half Space Lever simplifies error correction, speeds typing to justified right-hand margin.
- Clear View Holder makes it convenient to type cards and labels.
- Rapid ribbon rewind makes fabric ribbon changes faster and cleaner.
- Typamatic Keys provide rapid, automatic repeat action for carriage return, space bar, backspace, underscore, hyphen, period, and "x".
- Zero Center Copy Guide Scale speeds and simplifies centering.

Quality is assured

- Adjustable Impression Control allows typist to vary striking force of type bars for different applications.
- Center Basket Underscore assures even lines across the page.
- Dual Impression Control automatically shifts striking force of uppercase and lowercase characters to provide uniform color and density.
- Individually aligned Type Bars insure even typing lines.
- Individually regulated striking force of Type Bars assures consistently uniform impressions.
- Quiet-Glide Carriage eliminates distracting jolts and noises that can affect typing accuracy.
- Strong box frame construction provides the stable base necessary for uniformity...assures longer carriage life.

Typists can handle special work with speed and ease

- Changeable Type Bars
- Special Type and Line Spacing
- Interchangeable Platens
- Attachments for Continuous Forms and Index Cards
- Carbon or Fabric Ribbon Models
- Variety of Keyboard Arrangements
- Wide Selection of Type Styles
- 88 Character Keyboard
- Choice of 4 Carriage Sizes
